Those who successfully complete this program will have the basic skills necessary to conduct emotional healing prayer sessions, recognize and deal with demonic interference, walk people through the *Steps to Freedom in Christ*, and help others begin growing in maturity skills. You will be certified as a Prayer Minister by Deeper Walk International, the leader in heart-focused discipleship training for the church today.

Disclaimer: *Acceptance into the Certification program is not a guarantee of certification. Certification is a rigorous process which requires successful completion of the entire program, including demonstration of satisfactory performance of skills taught in the program. Successful completion of the program is ultimately determined by the instructional team.*

With this in mind, we constantly pray for you, that our God may make you worthy of his calling, and that by his power he may bring to fruition your every desire for goodness and your every deed prompted by faith. - 2 Thessalonians 1:11 NIV

Certification in Deeper Walk prayer Ministry is about caring for others and NOT a self-help/personal growth program. It is expected that participants have already experienced significant healing, recovery and personal growth and have developed the relational capacity to help others through similar experiences. Therefore, participants in the program are expected to display Parent or Elder level maturity (as defined by the Life Model) most of the time, and to have the emotional and relational capacity to care for others even when under duress. This includes appropriate and balanced self-care (including ongoing personal growth) and self-sacrifice.

Our desire is to see everyone accepted into the program equipped to minister effectively as Deeper Walk Certified Prayer Ministers. As such, participants who demonstrate difficulties that the instructional team deem problematic for caring for others may be asked/required to seek appropriate intervention. If they are unable or unwilling to do so, they may be asked to leave the program. Certification in Deeper Walk Prayer Ministry is the basic, foundational training for Deeper Walk people-helpers. More advanced or specific training may be needed for some issues. Ongoing certification may require renewal and updated training.

We are excited to be part of the journey to which God is calling you. We look forward to growing together as we all seek to bear fruit for His Kingdom!
