

A DEEPER WALK

HOST AN EVENT:

"A DEEPER WALK"

In this seminar, we will unpack our unique and proven model that is helping Christians and churches experience true, lasting transformation. We call it “heart-focused discipleship.”

This model for whole-brained, heart-focused discipleship is based on the gospel’s four essentials: freedom, identity, Spirit, and heart-focused community—FISH:

- **Freedom:** Experiencing greater freedom from things that keep us in bondage.
- **Identity:** Understanding how to live out of both your covenant identity, and the unique heart Jesus gave you.
- **Spirit:** Learning how to walk in the Spirit and how to think Scripturally.
- **Heart-focused Community:** Growing with others on the journey together.
